#### *Notice Regarding Assignment Submission*

This is to inform all students enrolled in Zoology 2nd Semester, Aquaculture-II (SEC), 4th Semester, and 6th Semester that they are required to prepare, present, and submit their allotted assignments **on or before 28th May**.

These assignments form an essential component of the Continuous and Comprehensive Evaluation (CCE) system. CCE is a method of assessment designed to evaluate students' academic performance continuously and holistically throughout the semester. It includes various academic activities such as assignments, presentations, class participation, and internal assessments, which together contribute to the final evaluation of the student.

Submission and presentation of the assignment is therefore mandatory. Students are advised to adhere strictly to the deadline, as no submissions will be accepted beyond the due date without prior approval and valid justification.
