Sir,

Apropos to the subject and reference cited above, in this context, I am directed to request that Department of Fisheries, J&K is a developmental Department mainly involved in conservation of fish in natural water resources besides implementing various schemes to increase the production of fish in the UT besides, implementation of welfare schemes for Fishers. The Department presently has no mandate in field of research or academics. However the Department shall provide hands-on training and all possible support to the students during their field visits to Departmental farms.

Pertinently, the Faculty of Fisheries, SKUAST-K is mandated specifically with academics, conducting research, internship, training etc related to fish and fisheries. As such, you may approach Dean, Faculty of Fisheries, SKUAST-K for signing proposed MOU for Student's Training & Research collaboration with your esteemed Institution.

Yours faithfully,

Deputy Director Fisheries
Central, Srinagar
