This report is about the **Educational/study tour** organised by the Department of Environmental Sciences Government Degree College, Uttersoo Anantnag on **20th of May 2022**. A total of 108 students of EvS were taken to different places of environmental significance. The aim of this tour was to involve the students in the real environmental situations and provide them an opportunity to explore different components of the environment, learn about different environmental issues, i.e., “Learning by Experience”. On behalf of the Department of Environmental Sciences, I extend my sincere thanks to **Our Worthy Principal, Dr. Tasleema Bano** for encouraging & guiding us and for her efforts in making this study tour a success. I also thank our **PTI, Dr Aijaz ahmad** for helping us in managing discipline during the tour.

Study Tour Report

2022

Tour To

**Brariangan Temple and Martand Sun
Temple**

Department of History

Government Degree College Uttersoo

Shangus Anantnag

The Present report is about the educational/study tour to Briarangan Temple and Martand Sun Temple organised by the Department of History Government Degree college Utersoo Anantnag on 20th of May 2022 which aims to provide the students about the basic knowledge of temple architecture during the ancient Kashmir and enrich their knowledge about the rich cultural heritage of Kashmir. On behalf of the Department of History I extend my sincere thanks to the Worthy Principal, Prof. Tasleema Banoo for making it possible to conduct the study tour.

On 20th of May 2022, filled with positive energy and good vibes, our group of 75 students boarded the two buses from the college campus at 8:00 am in the morning for an eventful journey to Briarigan Temple and Martand Sun Temple.

At 8:30 am we reached our first destination of Braranagan Temple (Mata Uma Bhagavati Asthapan). The History Lecturer accompanied with the students Dr. Mohd Ashraf Wani shared the history of the temple with the students and aquanited them with the various features of the architecture of the temple.

At 10:00 am we reached to our next destination of Martand Sun temple which was at a distance of about 15 kms away from our first destination. Right from the entry point of the temple the teacher has acquainted the students about the history of the temple and enlightened them with various features of architecture.

At 11:00 am we left from the temple and headed towards the college and reached safely in the college campus at 12:00 pm. The students were served light refreshment @Rs. 20 per student. The tour was successfully organised and it really brought positive changes in the thinking and understanding of the students.
