

# Action-taken Report

Dated: 8.8.2021

## Reporting committees: IOAC/ Academic Monitoring Committee

Comprehensive feedback was taken from different stakeholders of the college – students, teachers, non-teaching staff, alumni and parents of the students. The feedback was collected through online as well as offline mode in the year 2020-21.

The feedback was analysed and the recommendations were submitted to the Principal for perusal and necessary action. In the meantime, many proposals were submitted by the concerned committees to the chair for the said period. Timely action was taken by the college administration, acting on the recommendations of different committees and the structured feedback received from different stakeholders.

The actions taken in the follow-up are listed below:

1. Student feedback:
  - a. Development of sports infrastructure – The administration has written to the Higher education department, J and K UT
  - b. Debates and seminars committee has organised a number of debates and seminars for the students for the last two years regarding different issues
  - c. Regarding ICT, the college partnered with NIELIT Srinagar and held a one-month certificate program for the students. 160 students got the training
  - d. Equipment for browsing centre has been procured which is under installation
  - e. Library has been partially automated.
2. Teacher feedback:
  - a. New teaching methods – This year, all the classrooms have been made smart with the installation of smart-boards and computers
  - b. Co-curricular activities for the students have been provided for and most of the students have shown interest in the direction
3. Alumni feedback:
  - a. Mentor-mentee programs have been provided for. The students have been divided into two classes – slow-learners and advanced-learners
  - b. Technically, the classrooms have been made more sound
  - c. Academic monitoring committee had been made functional to look after the academics of the college
  - d. The campus has been made safer with the installation of surveillance system.
