REPORT

The college, in association with Samarth Eldercare, Pvt Ltd., held a One-day Awareness Program for sensitising the students and their elders about the rights of the latter.

The program started with a welcome note which was presented by Prof Javid Ahmad Kumar.

Mr Sabzar Ahmad Parry, Project Manager, National helpline for senior citizens, talked broadly on the topic. Talking about their mandate, mission and vision, he stressed upon the importance of caretaking of the elder folk. He also shared a toll-free number with the faculty and the students asking them to report any incident harming the old people in the society.

A good number of students of different colleges of the valley participated in the webinar.

It was a highly enriching talk which culminated with QnA session with the student participants.

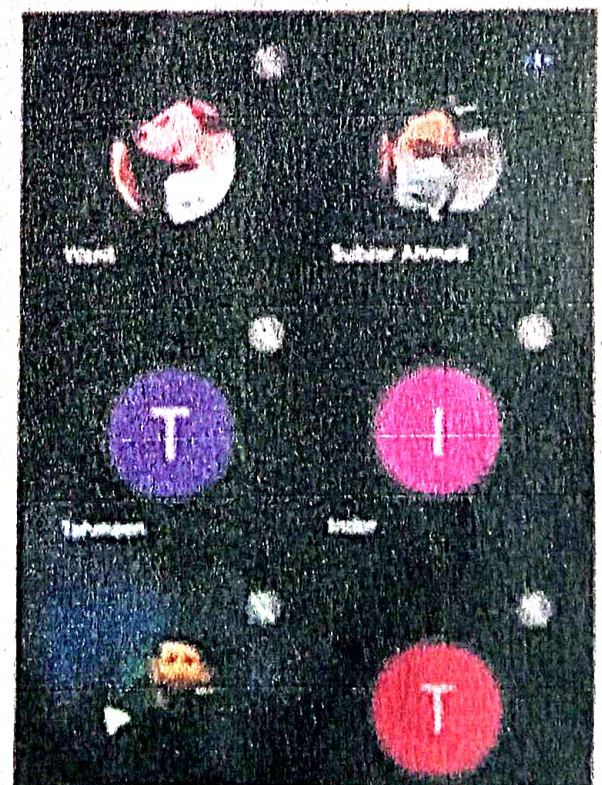

At the end, Prof Shawana Manzoor (NSS PO, Girls Wing) thanked the participants and appreciated the effort of Samarth Eldercare.
